As of February 28th, 2025, South Gloucestershire Council's Local Plan has entered its final 6-week Public Consultation – the Regulation 19 stage. This gives the public the opportunity to raise their objections (known as Representations) to be considered by the Planning Inspectorate during their Examination Hearings, which are expected to take place in 2026. If you don't respond to the Consultation now then you won't get the opportunity again!

**DON'T MISS YOUR FINAL OPPORTUNITY
